# Experience an inspiring day finding out about the latest developments in Learning to Learn research and how it is being implemented in our schools.

## What will you learn?

Delegates will have the opportunity to find out the latest developments in the Learning to Learn agenda including:

- Practical learning to learn approaches that are creating motivation and raising achievement in schools across the country
- How learning to learn is a key catalyst in developing your 2020 approach to Personalising Learning
- What part Learning to Learn plays in the Every Child Matters outcomes
- Implementing the SEAL framework in the classroom
- Developing a competency based curriculum based on Learning to Learn following changes in KS3 orders
- How learning to learn is the first step to creating independent learners
- The new exciting future of learners with ICT in schools
- Cover Bug - an amazing new system for covering absent teachers and students' learning to learn.

## Key Note Speakers:

### Ian Gilbert, Independent Thinking Ltd

'Do things no-one does or do things everyone does in a way no-one does'. Ian is the founder of Independent Thinking Ltd a company that has for nearly 15 years worked with young people, teachers, school leaders, parents and governors to help them to better understand the nature of thinking learning, achievement and creativity in and beyond schools. Prior to this Ian cut his teeth in management, advertising and then as a foreign languages teacher.

### Jackie Beere OBE

Jackie has recently left her position as Headteacher of a successful learning school in order to develop the national and international learning agendas. She is an advisor to government, is a Building Schools for the Future Consultant and School Improvement Partner, as well as an in demand speaker and author. In 2003 Jackie was awarded an OBE for her contribution to education.

### Lisa Vernon, Campaign for Learning

Lisa is Head of Policy and Research at the Campaign for Learning and is part of the Learning to Learn in School Project team. The Learning to Learn project has been running since 2000 to investigate practical approaches to improve learning and teaching in classrooms (and beyond) and to foster positive dispositions towards learning. Lisa has worked in community and heritage education for over 15 years and is an experienced essential skills teacher and tutor trainer. She is also involved in several European projects involving diversity issues and also teaches on European programmes in Active Citizenship and Cultural Diversity Management.
